

## **Gamlingay Community Eco Hub** **Stocks Lane, Gamlingay SG19 3QP**

Are you interested in using the Community Eco Hub when the redevelopment is finished at the end of June, 2011, or shortly thereafter?

The hub will have several different areas for hire and it would be appreciated if you could indicate on the form overleaf the details of your requirements.

The **Ellis/Maddocks Hall** is the existing main hall which has been fully refurbished. It is now possible to split this into two (the Ellis approximately 2/3 and the Maddocks 1/3) by means of a movable partition. A brand new kitchen/bar area has been added that can be hired as a separate area or in conjunction with other areas. A new hall has been built and we are calling this the **Kingspan Hall**, this can also be used as a dance studio and has a separate mini kitchen area attached. The new entrance opens into a multi use area which will be called the **Jack Arnold Community Room** which again can be hired separately. The changing rooms will have been completely refurbished to comply with Football Association standards and can be used in conjunction with the Parish Council playing field. This brief overview aims to give an idea of the variety and combinations of spaces that can be made available for weddings/ parties/ sports activities / clubs / meetings / exhibitions / conferences etc.

**To register your interest** and requirements please complete the form overleaf and post to or hand it into The Gamlingay Community Eco Hub c/o The Parish Council Office, The Almshouse Chapel, Church St, Gamlingay.Beds.SG19 3JG  
**\*\*Please do not send it to Stocks Lane\*\*.**
